

Grow in Grace

St. Andrew's
Episcopal Church
Madison, Connecticut

*O come, let us worship and bow down, let us kneel before
the Lord, our Maker; For he is our God, and we are the
people of his pasture, and the sheep of his hand. O that
today you would listen to his voice! Psalm 95:6-7*

The joyful celebration of the Eucharist is our central act of worship as a community – young and old, we gather at God’s table to be nurtured by Jesus Christ.

A photograph of a church service. In the foreground, the back of a woman with long dark hair tied in a ponytail with a blue hair tie is visible. She is wearing a white top and a purple beaded bracelet. Her hands are clasped in prayer. To her left, another person's hands are visible, also in a prayer position. In the background, a silver candlestick with a white candle sits on a table covered with a white cloth. The scene is lit with warm, soft light.

Grow in Grace

A medley of voice and instrument enrich worship at St. Andrew's. A combined choir of men and women, juniors to seniors, sing a mostly modern repertoire at our 9:30 family-oriented service. The 11 o'clock service offers a feast of traditional hymns as part of its service.

Our parish gathers joyfully during baptism to receive the Holy Spirit. For ourselves and each child we renounce sin; affirm our faith in the Father, Son, and Holy Spirit; and renew our commitment to God and our neighbor. In one very special occasion last summer, a family was baptized in an outdoor worship service in Long Island Sound.

Members of the St. Andrew's congregation enjoy breaking bread together. A modern kitchen and several talented parishioner-cooks allow us to gather for fellowship in our parish hall, grow through bonds of friendship, and build community before and after Sunday services and on special occasions.

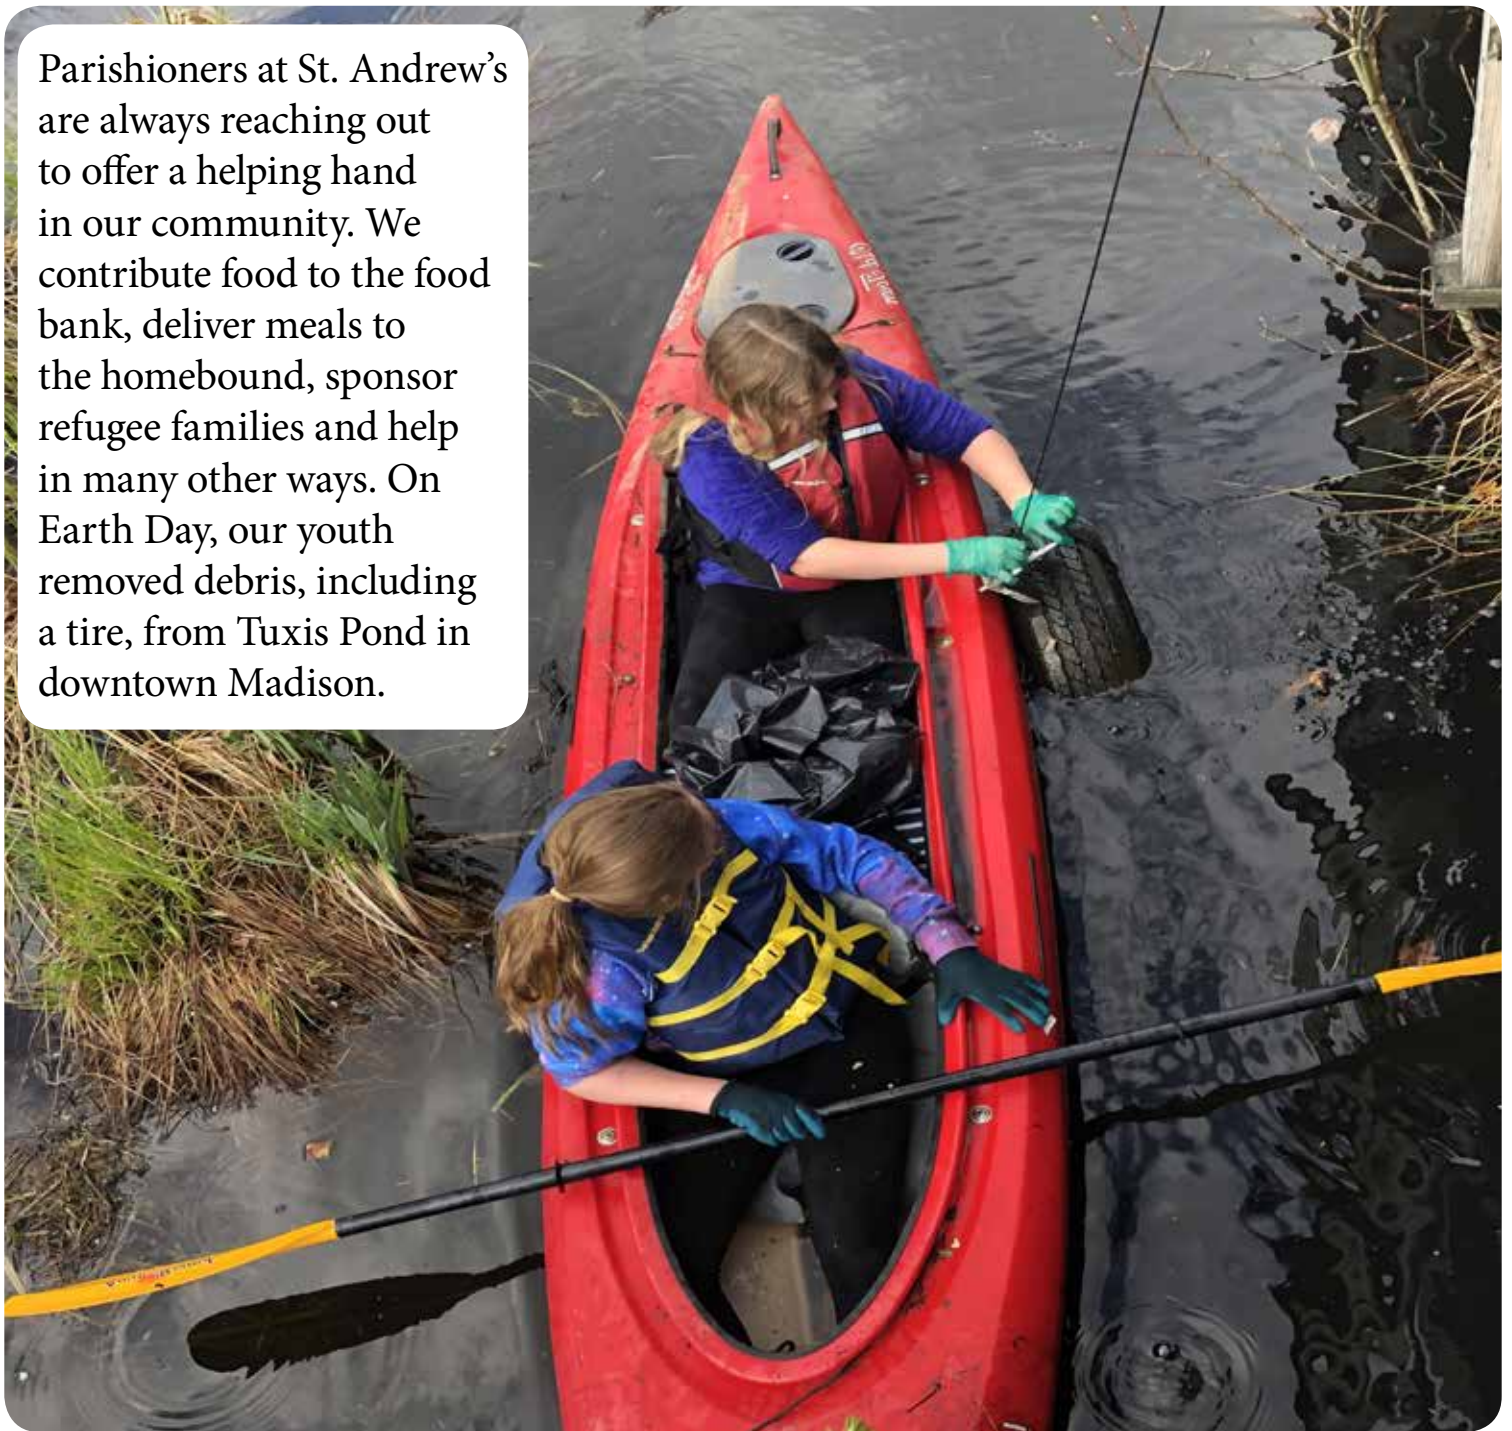

St. Andrew's is blessed to have many young families and children in its midst. At the same time we have a vibrant community of seniors! They usher, count, sing and contribute in a multitude of ways. Last summer at a special celebration we honored twelve couples who had been married for more than 50 years.

Parishioners at St. Andrew's are always reaching out to offer a helping hand in our community. We contribute food to the food bank, deliver meals to the homebound, sponsor refugee families and help in many other ways. On Earth Day, our youth removed debris, including a tire, from Tuxis Pond in downtown Madison.
