

# Announcement Script

Use this outline as a guide for encouraging your church to join your Faithlife group.

---

Start by playing the introductory video for your church. If you haven't already, visit **fl.vu/launch** to download it. After the video ends, say in your own words:

*This morning, we're excited to announce that everything you just saw is now available to you! Our church has joined Faithlife, which means you now have access to powerful resources to help you grow in your relationship with Christ and with one another.*

*Faithlife will be the main communication tool we'll use to share announcements and prayer requests, coordinate our small group ministry, and so much more. So it's important to take one simple step to stay plugged in.*

*On your seat, you'll find a small card with a URL on it. Right now, take out your phone, go to that website, and create an account. And that's it!*

*We'll be sharing more about Faithlife and how to get the most out of it over the next few weeks. But for now, follow that URL and create an account to gain access to everything you saw in the video.*
