

LESSON 10: JESUS HEALS A BLEEDING WOMAN AND RESTORES A GIRL TO LIFE

ACTIVITY 1: POWERFUL BALLOONS

SUPPLIES

- Inflated balloons
- Small squares of paper
- Confetti
- Glitter
- Tissue paper pieces
- Pepper
- Sweet’N Low artificial sweetener

Jesus has power over sickness and death! We learned he stopped people from being sick when he touched them! Let’s do something to help us think about that.

INSTRUCTIONS

Rub an inflated balloon on your clothes or hair, and see how the balloon can now stick to your clothes or hair. If you have long hair, you can also see how the balloon makes your hair stick out.

Let’s experiment what happens when the balloons touch each of the supplies (small squares of paper, confetti, glitter, tissue paper pieces, pepper, and the sweetener inside Sweet’N Low package). You can rub the balloons against your hair or clothes so they’ll have more static. Now see what happens when the balloons touch other items around your room.

These balloons seem powerful! Just by touching them to things, they can do pretty neat stuff! Jesus is even more powerful than these balloons. When he touched people with his hand, they stopped being sick, and sometimes they came back to life! Jesus has power over sickness and death.
