

## LESSON 10: JESUS HEALS A BLEEDING WOMAN AND RESTORES A GIRL TO LIFE

### ACTIVITY: SICKNESS BLASTER

#### SUPPLIES

- 1 5x20-inch or larger pieces of corrugated cardboard
- 2 Wooden skewers
- Fishing line
- 1 Drinking straw
- Scissors
- Duct tape
- Transparent tape
- 1 uninflated balloon
- Paper
- Markers

Jesus has power over sickness and death! Let's make a sickness blaster to demonstrate that power.

#### INSTRUCTIONS

Poke one wooden skewer through each end of the cardboard to make poles. Then secure the skewers in place with duct tape. Cut a 5-inch piece of drinking straw, thread that on the fishing line, and then tie the line to the top of one of the poles. Cut fishing line long enough to tie to the second skewer pole, keeping the line taut between the poles. Secure the knots with duct tape so that the fishing line is securely connected to the top of the poles. Finally, use transparent tape to attach an uninflated balloon to the straw (see photo for placement).

## **MAKE SICKNESS TENTS**

Cut pieces of paper to about 6 x 2 inches and then fold each piece of paper into a tent. You will need three to five tents. Write on each tent a different kind of sickness or even the word *death*, and they can include ailments from the Bible story. Decorate these tents and also the cardboard base of their sickness blasters.

## **USE THE CRAFT**

Try out your sickness blasters. First arrange the tents with the sicknesses under the fishing line. Then blow up the balloon and release it, letting it fly down the string to knock over the tents. You can try to get all of their tents knocked down in one shot.

How does this craft help you understand Jesus' power over sickness and death?
