## **Faithlife Equips Churches for Online Easter, Provides Integrated Ministry Platform at Little to No Charge**

### **Extensive Suite of Services Helps Churches Combat Tech and Giving Challenges**

**BELLINGHAM, Wash., April 3, 2020** - As pastors report decreased giving and increased stress levels due to COVID-19 necessitating the new need for online church, [Faithlife](#), a church technology company and makers of Logos Bible Software, is assisting church leaders ahead of Easter Sunday by providing a plethora of its premium online resources and packages at little or no cost for the next 60 days.

Faithlife offers an integrated system of ministry platforms to assist with everything from live streaming and online giving to website creation and graphically visual worship presentation development - all with 24/7 tech support.

“Pastors feel a lot of pressure on Sunday morning as they are preparing to deliver their sermons, and the added responsibilities of sharing their sermons digitally is a load we can help them carry,” said Faithlife Founder and CEO Bob Pritchett. “We have experts standing by to aid our users at a moment’s notice, with extra staff on hand during those pivotal Sunday morning hours.”

Faithlife has set up [Faithlife.com/easter-church-service-online-2020](https://faithlife.com/easter-church-service-online-2020) with informational articles, online videos and step-by-step tutorials about accessing the following resources to help churches be online by Easter:

- [Faithlife Live Stream](#) helps churches switch to a fully online format in less than 24 hours;

- [Faithlife Giving](#), an online giving solution that seamlessly pairs with Faithlife Live Stream to integrate a “give” button within the platform;
- [Faithlife Sites](#) equips users to quickly create a professional and functional website;
- [Faithlife Proclaim](#), a church presentation software, allows users to overlay song lyrics over video and speaker titles; and
- [Faithlife Media](#), which provides Christian stock photography, motion backgrounds, countdown timers and media.
