

What is Truth?

Donnie Debord 6/14/2020

Pilate asked, "What is _____?"

Dr. Thomas B. Warren taught, "truth is _____ and _____."

Through Jesus, we can know truth is:

1) Permanent, 2) Propositional, and 3) Personal

Truth is _____

Truth is permanent because Jesus is _____.

All reality is either God, created by God, or a perversion of God's creation.

Truth is that which corresponds to what is real. Therefore, in order for something to be true, it must correspond to God.

If something does not correspond to God, it is, by definition, false.

Jesus, as the image of God, never changes

Truth is _____

It is not "personal" meaning that each of us can have our own truth. It is personal in that it is revealed in the person of Christ because he is fully God and therefore he is truth.

Jesus' _____ reveals the true way to live.

We cannot look to anyone else as a perfect example. Every other example includes some sort of sin. Only Jesus exemplifies what humanity is supposed to be.

The Sermon on the Mount summarizes the life Jesus lived for us and therefore truth in the person of Christ.

Truth is _____

God continues to teach us through _____ in Scripture:

All _____ is God's _____ because all _____ is wrapped up in the nature of God.

Finally, since we can know Jesus, we can know the truth and the truth will set us free.
