

August 10, 2020

Dear AWANA Families,

We are looking forward to resuming club this fall! However, we realize that these are challenging times with numerous concerns to consider. We are planning for our club to meet **in person** at our church building (12921 W 61st St Shawnee), but below are some extra measures we will be practicing as health precautions:

Each clubbers' temperature will be taken during check-in (if fever is present, the child and any family members will need to return home).

Each clubber will need to wash their hands immediately after check-in.

Facemasks will be available for any clubber or volunteer who desires to wear one.

Disinfection of commonly touched surfaces in classrooms will be completed each Wednesday before club.

Hand sanitizer will be available in each of the classrooms.

We are excited to be offering AWANA club in our community for kids all the way from **Cubbies** (3-4 years old) through **Trek** (12-13 years old). Please visit our AWANA page on our website for information and opportunity to register.

Pastor Jon Gohdes
2020–2021 Commander
