

## **Prayer & Praise Reminders**

### **October 4, 2020**

In Matthew 24:14 Jesus said: "And this gospel of the kingdom will be proclaimed throughout the whole world as a testimony to all nations, and then the end will come."

This is the greatest challenge we as Christians face: Finishing the Great Commission.

Thousands of believers from all different churches and church mission groups are actively involved in pursuing this great cause. Jesus told us to pray to the Lord of the Harvest to send out workers into his harvest field.

Many countries are still struggling with the COVID-19 virus. People are forced to stay home, food is scarce, jobs are being lost and domestic violence is increasing. In the midst of all of this, many people are turning to Jesus. Let us continue to pray for God's mercy to heal our world.

This year many in our world and our country are struggling from the result of fires, storms and chaos in our cities. Let us pray that the believers in the areas affected by these difficulties will rise up and bless people with God's love.

Last week, millions of believers in our country cried out to God for his mercy upon America. This was led by Franklin Graham. Let us pray that this prayer will continue and that God will heal our land.

The election process in America is in full force. Please pray that we as believers would vote for the men and women that we feel would best honor God through their leadership.

Pray that God would bring an end to the violence in our cities and that He would protect our law enforcement men and women.

Many people have been affected by the recent fires. Praise God for the rain that He has sent to us. Let us pray and help our people rebuild.

Our teachers, parents and students are struggling with the changes in our school system. Please hold them up in your prayers.

Please hold up in prayer the pastors and leaders in our churches throughout the land as they cope with difficulties related to COVID-19. They need God's wisdom.

Most importantly we need spiritual renewal in our country and in our world. We as a nation need to repent before our God and to seek Him.

May His kingdom come and His will be done. May He forgive us our debts as we forgive our debtors. May He give us each day what we need for our daily needs. And may all glory and honor go to our Great God.

Also, please pray for our President and the first lady as they recover from COVID-19.

"Let us then approach God's throne of grace with confidence, so that we may receive mercy and find grace to help us in our time of need."

– Hebrews 4:16 (NIV)
