

## **CHAPEL HAPPENINGS – October 9, 2020**

**Worship, Sunday October 11th – 9:30 am**

We are pleased to have Dr. Roger Verse officiating at our service this Sunday. Indoor worship will continue for the foreseeable future, following the Covid-19 protocols – masks required, seating is spaced and clearly designated, hand sanitizers available. Please follow the ushers' directions.

### **Letter from Rev. Carr**

---

So, this morning while writing on my laptop computer, I found the document I was working on was displayed in “compatibility” mode. “What was that?” I wondered. Was something wrong with the document I wrote? Was it infected by a virus? Should I start over in a whole new document? I remember some time ago when working on my computer, a file would not open unless I opened it in “Safe mode.” Now I am even more confused. Is compatibility mode less safe than safe mode? Whatever happened to normal mode? I am thinking about breaking out the emergency Smith Corona typewriter.

And that is emblematic of our times isn't it? So many things have changed all around us; changed too quickly. Not only in our community, but in our families, and our own households. Last March, the chapel went into “safe mode,” recording all our services on YouTube and migrating our small groups to ZOOM meetings. I can say that for the most part, people have enjoyed the videos and the online small groups, as it becomes an opportunity to stay in touch wherever they are traveling. On the other hand, we have lost a few connections with those who no longer use computers. So, we're staying in touch with them by phone.

As we begin the new season, we're moving gradually from Safe Mode to 'Compatibility Mode' at the chapel. Our worship services are modified to both indoor and outdoor attendance. We added outdoor sound and made Holy Communion compatible again. We have increased our online capacity, using a broadcasting medium known as, 'live streaming.' Thanks, in large part to the work of Mr. Ken Slowik and our Parish Coordinator Nora Agatstein, we have a new chapel website that is both attractive and dynamic. It gives us a capability to connect with more people and tell the bigger story about how great this place is. The Chapel Board of Trustees provided excellent leadership and wisdom through this entire process. They kept us safe. They made a huge difference in keeping the outreach flourishing here.

None of us knows when “Normal” will be back again. Yet, until then, we will strive to deliver meaningful and uplifting spiritual support, pastoral care, fellowship, and community fun. On Oct 29<sup>th</sup> I have a new member class scheduled for new folks, and those who would like to use their gifts in our ever-expanding ministry at Mariner Sands. Please join us. We can talk about what is on your mind and imagine together. The Apostle Paul emphasized how much we are one body in Jesus. He wrote, *“But God has put this body together, giving greater honor to the parts that lacked it, so that there should be no division in the body, but that its parts should have equal concern for each other. If one part suffers, every part suffers with it; if one part is honored, every part rejoices with it.”* (1 Cor 12:24-26 NIV) And so dear friends, we are the body of Christ here. We are members with one another. And we will keep you safe until we someday get back to normal.
