

Greetings in the powerful and precious name of our Savior,

An exciting and wonderful opportunity has presented itself unto the Moriah Baptist Association. There exists a possible marriage merger with the Chester Baptist Association. Discussions have been under way for several months about the possible marriage merger. This is a great opportunity for assisting the churches of the two associations in revitalization and church planting, as well as impacting the lostness of both Chester and Moriah Counties.

In conjunction with Marty Haynes, a video has been produced that explains the background to the possible marriage merger and the benefits of the marriage merger. The link for the video is below:

<https://youtu.be/tDhq6J9S0K8>

Please watch the video and let me know if you have any questions. I would also like to ask you to be in prayer about this very important decision

With much appreciation,

Joe Youngblood

Interim Director of Missions

Moriah Baptist Association
