Dear Pastor and Friends

Whom have I in heaven but thee? and there is none upon earth that I desire beside thee. Psalms 73:25

We Praise God for Him still reigning on His throne.

In all these months I have seen God's mercy on me, my family and the church family. I know He controls everything. By the middle of July I had the symptoms of the Covid, I only took the doctor's prescription medicine and, praise God, during 13 days in bed at home, things worked out for good.

Before all this Covid problem started, we had our missions conference, "responding to a prayer. Acts 16:9". We enjoyed learning from the conference speakers and also we enjoyed seeing people from our church respond to the prayer of the ones that need salvation. Our hearts have a burden for those that haven't heard the gospel of our Lord Jesus. I don't know when our Lord is coming but I am sure it is closer than what it was yesterday so there is still much to do to preach the Gospel not only here in Mexico but even beyond our country.

The economy has been hurting many families (this is all over the world). Somebody that used to come to church when he was a kid, donated boxes with groceries and we went to give them out to our church families that are struggling and also to those that needed not only the physical food but the spiritual food.

Ramona is a single mother with 7 children. When one of our families took this box to her, she was so thankful that she didn't know what to say. She confessed to the couple that she had no money, no job and in her despair, she thought of getting involved in drug distribution. She started crying when she saw this couple coming to her house to give her "for free" that box with groceries. After that exciting moment, the couple began witnessing to her and her oldest daughter, both decided to accept the Lord Jesus as their Savior.

Our services are going well with this new mode (Facebook). Some pastors have decided to close church building doors others have decided to open. We don't know what is next in this world, but we do know that our God is faithful to us and we must continue faithful to Him.

At the beginning of March, I had the opportunity to go to south Mexico and be with my brother-in-law and sister to share the Word of God at the conference for families in ministry. We were so blessed to see how God is good to our families serving Him.

Two new converts have decided to obey God in baptism, how much we rejoice with them. Pray for their spiritual growth (Monica and Francisco).

I am amazed by what WONDERFUL kind of Pastors, churches and friends God has put in my path. Thank you for your sacrificial giving even in the midst of this pandemic. If in the future things get tougher, I will understand since we have the same situation here in our church where we want to keep faithful to all of our missionaries. Thanks for having such a heart to give to missions.

My mom Rose is doing well with the eyelid surgery the doctor recommended. She will also be having surgery on the other eye. Please continue to pray for her problems with the dry eye that no harm comes to the cornea

All the Glory is to God and thanks are to you for supporting us to be here in Mexico. May God bless you. Thanks for your prayers and all you do for missions.

Special need, if you get to see a good deal in a 15 passenger Van, please let me know. I have been praying to buy a van for the ministry.

Love In Christ
