

TEAM AND THANK YOU FOR THE SUPPORTS

Dear Friends and Brethren,

This is to greet you all and to wish you well you , your families and your ministry friends praying that you all continue to count your blessings! In Him, praise Jesus! Amen.

This is to also thank you for the financial gift sent to us and our ministry to help us deflect the burden brought upon us by the global pandemic.

It has caused a lot of hardships for individual families who initially have been struggling to survive, but the total lockdown and closures of tiny businesses mad matters worst.

The help that we received from you the total sum of \$2470. Was distributed to all our key leaders and total of \$2150 was distributed among 13 persons respectively.

Because our ministry is to the very poor it was also natural to use some part of the money \$350. To provide family food rations for the most hurting and vulnerable.

The food package includes flour, cooking oil, sugar, biscuits, bread spread, rice, lentils, beans, macaroni, noodles etc, in total about 14 different articles, by the way it is still an ongoing appeal and need to help these poor people at a time like this, so pray on with us.

Finally, we thank you and pray that soon once the global restrictions are over we can continue with our initial agreement to train and to equip our leaders to better prepare us for the next phase of ministry in Macedonia and beyond.

Once again thank you all at ETeamGlobal.

Brother Jimmy and Team.
