The Perez Family

Missionaries in Mexico

Hermosillo, Sonora

February 2021

Dear Pastor and Friends

In every thing give thanks: for this is the will of God in Christ Jesus concerning you.
1 Thess 5:18

We always thank the Lord our God for so much love and mercy towards us every day of our life.

I hope you all had happy holidays this past year and have begun a good year.

Our activities have changed because of the pandemic. We have still been able to be faithful in celebrating our church services and also going out to evangelize in our city.

Even though the members of the church have struggled with their jobs and have not had all the frequent income, they have trusted God to give their offerings faithfully and this has helped to be constant with the monthly support of each of our missionaries.

We keep going forward despite the circumstances and this will be until God leads us to another place. Many good Pastor friends have already gone to be with the Lord but have left a great legacy to follow.

We will be preparing everything to celebrate our missions conference. We need our hearts to keep burning for the missionary work around the world as we do not want these current circumstances to cool our hearts or make us apathetic to missions.

We always keep in mind that despite the pandemic, there are still people dying without Christ.

We were able to continue with our Bible institute classes where labourers are still preparing for His harvest.

"Then saith he unto his disciples, The harvest truly is plenteous, but the labourers are few;" Matthew 9.37

Another young couple are a result of these preparations and have obeyed the Lord's call to go and start a church. They will go with their two children to the small town of Querobabi which is 1 1/2 hours North of Hermosillo.

I appreciate your prayers, your monthly support, your love, your emails, your congratulation cards and all you invest in us. May God bless you all.

I thank God for my mother. She has been doing well.
