Church-Planting Missionaries to India

Dear Pastors and Praying Friends,

February 2021

Thank you so much for praying for our family this past month. We look forward to all God will do in this new year. Though there were many trials and difficulties 2020 presented, one thing has remained the same: God has provided our every need! We were blessed with many meetings this month as well as safety on the road. We are praising God for his goodness in our lives and greatly anticipating the day we departure for India!

It was encouraging to be with sweet churches this month and present our burden for India. I also had the privilege to preach a short message in the Spanish church at our home church. It's always challenging yet exciting to preach with a translator! It reminds me of being in India for our internship. Every week I taught a Bible study to a group of young men with a preacher translating for me. I look forward to arriving in India, learning the language, and getting to preach the gospel to Indians in Hindi!

Nearly six years ago I moved down to Georgia to study at the Our Generation Training Center to be a missionary. God used this training greatly in my life. I learned from great men of God as they taught me ministry, preaching, and various other skills. However, finding housing for students has always been challenging. God has continued to work in the Training Center and there are now even more young people studying to be missionaries. Last year God blessed us with 69 acres of land already paid for. We are currently asking churches if they would pray about taking up a special Easter offering this year (April 4). This offering would be used to construct a building on the land which would operate as dorm rooms for students, classrooms, and offices so that the Training Center would be able to train even more missionaries to reach the world with the gospel. Would you please pray with us that God would help us raise the money necessary, and both churches and individuals would give as God leads them?

For Christ,  
The Browns

## Prayer Requests

- Pray that God would allow us to raise up more laborers for the country of India.
- Pray for Indian ministries to be started in the states to reach all the Indians that are moving here.
- Pray that God would continue to bring in our support

## Set-up Fund

- Car - ~~\$12,000~~ | \$11,000
- Plane Tickets/Baggage - ~~\$8,000~~ | \$6,000
- 6-12 months rent plus deposit - ~~\$5,000~~ | \$4,000
