My new car!!

Dear Pastors and Praying Friends,

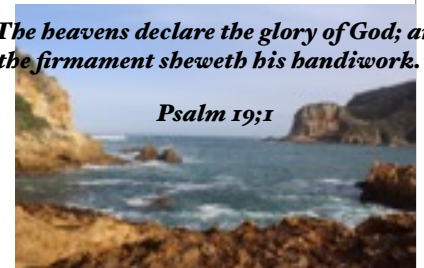

Thank you all for your continued prayers and support. It is so amazing to finally be writing from South Africa. I arrived in Knysna on June 1st after a very long, but uneventful journey. Since arriving 3 weeks ago, I have been getting adjusted to life in Africa. I was able to move right into a furnished apartment, which I will be in until the end of November. I have also had the opportunity to reconnect with some old friends and make some new ones. After only a week here, the Lord provided me with a cute little car that was below my price range. I am so excited to be here and of course, I want to jump right into ministry. However, I have to keep reminding myself to slow down and allow the Lord to open doors of opportunity instead of rushing things. I have already learned that the pace here in South Africa is MUCH slower than that in the United States. I would appreciate your prayers concerning this change of pace.

Over the next several months, I will be going through orientation. During this time, I will be learning about the language, history, culture, and specific needs and considerations of the South African people. This time gives me ability to learn and assist in ministries already in place. I am excited to be a part of these ministries and looking forward to how God is going to use me here in Knysna.

Please pray for South Africa as there have been some unrest throughout the country. Pray for our ministry team here in Knysna for safety as well as opportunities to reach the people with the Gospel of Jesus Christ.

"The heavens declare the glory of God; and the firmament sheweth his handiwork."

Psalm 19:1
