Missionaries in Mexico

Construction Team

Families in the Ministry

Dear Pastor and Friend in Christ

March 2018

"Jesus said unto him, thou shalt love the Lord thy God with all thy soul and all thy mind. Matthew 22:37"

We want to thank you so much for the many ways that you express your love for the Lord and missions here and around the world.

January was a beginning of another wonderful year from God. This year our main goal is to focus more and more on prayer. I have noticed that I need Him more than what I usually search for Him so I want to learn and practice more on this topic of prayer for my life and the ministries here in Mexico.

In February we had the men for missions team from my home church, and Pastor Judd and 2 men from his church came down to help on construction. This year's project was to build two bedrooms and a bathroom as a prophet's chamber on the second floor of my house. For many different reasons God has allowed us to have many preachers come by and we enjoy having them.

In January and March, God gave me the opportunity to go and preach in two different churches in Mexico for their mission's conferences. I really enjoy this because I can share what the Bible teaches us on preparing and sending out workers to the mission field. Also I can share what I have learned from all of you on loving and giving to missions. This is good for the churches here in Mexico. Thanks for what you have shown us for many years.

My brother-in-law and sister, who are missionaries to an Indian tribe in southern Mexico, decided last year, to hold a conference. It's the same conference that we started 7 years ago, that I call "Conference for Families in the Ministry". At the end of February he invited me to go preach in that conference. 13 families from that region were able to attend the meeting. Many children and wives that are in the ministry need this kind of meeting. It was very encouraging for me since I had the opportunity to share with them what God has done in my life thru first, watching my parents ministry and secondly, my own life.

Sahuaro Baptist Church and our other ministries are still working faithfully and we have seen many people getting saved and also many others starting to come to church. There is a small village an hour and half north of Hermosillo where we started going soul-winning and with prayer we will see spiritual fruit from there.

Lord willing, on my next prayer letter I will let you know about our missions conference, we all have been working hard and we will appreciate your prayers for this main activity.

Prayers request will be: 1) to continue the dorms construction. If God leads you to help us with some funds for this project it will be a blessing. 2) Pray for our vehicles we need a couple more reliable ones, but mostly we do need a vehicle for one of our missionaries that we sent out many years ago to work in an Indian reservation.

Once again we praise and bless our Lord's Name, we thank Him for you. We appreciate your prayers and support. May God keep blessing you all!!!!

We are also grateful as my mother Rose is doing very well; keep her in your prayer list!

God is always Good!!!!

IN CHRIST

John D. Perez
