

Ministry Update

The Evans Family: Reaching Sierra Leone for Christ

Prayer Needs

- Completion of our shipping arrangements is soon concluded
- Protection of our belongings through transit (sea & air), immigration and customs
- We test negative for Covid19 both before travel & twice upon arrival
- Our families & us as we conclude our time in the states
- The ministry, national pastors, & people in Sierra Leone

December/January 2021

Hello Friends & Ministry Partners!

Happy New Year! We are greeting 2021 with excitement because we know and trust Who is in control! Our family is focusing on the process of moving to Sierra Leone. As you can imagine, it has been a busy time for certain, and we crave your prayers for the upcoming weeks.

As we plan our move, we--like you--have not escaped the complications of this turbulent time. There have been unexpected hurdles with both our shipping container and our ability to travel internationally this month, causing us to push back our original launch dates. While we are navigating these issues and plan to travel soon, concrete dates are not currently available to us. Although we are a little discouraged by the delays, we are trusting in God's plan and His perfect timing. Thank you for your faithfulness in support and prayer!

In Christ,

Shaun, Christin, Kaitlyn, Kameron, & Wes
