

April 2021 Prayer Letter

Please Pray...

- Give thanks that our Vocational Training Institute (VTI) in Gulu, Northern Uganda, has now opened for the first intake of students.
- For wisdom for the leadership team at the VTI at this busy and exciting time, and that students would continue to enrol.
- For pupils in Uganda in Senior 6, as these classes face exams this month.
- For the health of our staff and students in East Africa, especially as COVID-19 cases are on the rise.
- For wisdom for our staff in East Africa as they begin their annual planning process.
- For our fundraising and sponsorship teams as they begin work on a new campaign.

We are so thankful for your continued prayerful support. Thank you for your commitment to seeing lives changed and communities transformed in East Africa.

***From all of us at Fields of Life, we hope you
and your family have a safe and blessed
Easter!***
