Have you ever been around an automatic sprinkler system? It continuously comes on through the day and waters the grass but did you realize just how often grass needs watered? This concept teaches us that grass will simply die without a continual water supply. As the sprinkler came on and off, it occurred to me that, much like grass, we *continually* need water. We need watered each and every moment of our lives. We need to draw from God's Living Water—His life. Only as we continually draw from Christ His life and strength will we be able to grow strong amid the scorching heat and searing winds of life. Are you drawing from Christ, your Living Water, today? Or are you trying to live on your own? God's life and strength awaits you. Let Him water your soul over and over again each day.

Jesus answered her, "If you knew the gift of God and who it is that asks you for a drink, you would have asked him and he would have given you living water." John 4:10 NIV

Dear Church Family,
There are no words to express our sincere Thanks for all of the kind words and expressions of sympathy shown to our family over the past 2 weeks. Our parents were wonderful examples of Christianity to everyone who knew them. Thank you for every kind word or deed that was offered to our family. We are truly blessed to have each of you in our lives. Please continue to pray for our family.

9th Avenue Ladies,

Love you all, Shae
