SECTION 3: OUTREACH INFORMATION

In the last quarter we had an outreach, we had a two day open crusade in the night starting around 17:00 hours upto 20:00 hours. It was conducted in one of the villages in Chibwe area near Kabwe town. Villagers gathered and listened to live music played by an outreach band organised by the churches which are in that area. We hired a generator to give us power for the musical instruments and lighting system. I was one of the preachers, the response was good on both two days 50 people gave their lives to the Lord.
