SECTION 2: MINISTRY AND TRAINING INFORMATION

In the last quarter I witnessed to two couples who were a problem to the community where we live. They always pick quarrels with people in our community and insults every elderly person who passes in their area. The Police asked me to counsel them and give them guidance how to live a Christian life in society. I prayed with them and they gave their lives to Christ.

TRAINING

In the last quarter I was chosen to be among the 15 Zambian National preachers who have been admitted for a Bachelors Degree at Ambassador International University here in Zambia. We will graduate in January 2020.

This is a milestone for me in my spiritual life. I am looking forward to the completion.
