- Bible Software
- Church Management Software
- Child Check-In & Attendance Tracking
- Communication Tools
- Church App
- Calendar & Event Management
- Digital Bulletins & Connection Cards
- Database Filtering

Time-Saving Integrations

Automate Your Busywork

For example, when your pastor writes their sermon inside Logos Bible Software, their slides are created automatically. With a click, it's sent to Proclaim Church Presentation Software. From there, the sermon is recorded and published to your website automatically.

Who Is Equip For?

All for One. For All.

One affordable bundle.
Content and tools for everybody.

● For the Pastoral Team

- Prepare sermons with Logos Bible Software.
- Enjoy sermon recording, archiving, publishing & transcription.
- Manage your contacts, plan visitor follow-up, and use pastoral care tools.

● For the IT Team

- Set up your website once, and it automatically updates with fresh content.
- Record and publish sermons automatically.
- Enjoy digital communication tools, including digital signage, bulletins, connection cards, and presentation software.
- Deploy a simple online and mobile giving solution.
- Stream your services online with an intuitive live streaming solution.*

● For the Comm Team

- Effortlessly communicate with email, text, instant messaging, database segmentation, and other tools.
- Make an impression with 15,000+ pieces of media designed for churches.
- Customize our mobile app to open to your church's homepage.
- Manage events, collect RSVPs, and more.

● For the Congregation

- Dig into the Word with Bible software for personal study.
- Stream Christian documentaries, kids' shows, courses, and more.
- Fellowship online with your church's private community.

● For the Operations Team

- Eliminate double entry with time-saving automations.
- Get one login, one subscription, and one support team for your whole team.
- Set permissions, so the right people have access to the right tools and info.
- Manage vendors and resources.

*Not available in all plans.

Personalized Support

We're with You Every Step of the Way

We get it. Adopting a new technology can be intimidating. Our customers consistently praise Faithlife for ease of use, but if you ever get stuck, we're here to help. Your personal Customer Success Manager will help you get started, and our Church Support Center is available 365 days a year—even on Sundays—for no extra charge.

Your journey with Faithlife:

Kickoff

Talk with your Customer Success Manager (CSM) to identify your setup goals, key members of your implementation team, and timeline.

Onboarding

Check-in with your CSM, who will provide guidance and resources as you set up and learn how to use Faithlife products for your ministry.

Adoption

Start your staff and volunteers using Faithlife products regularly. In addition to product training resources, your team has access to technical support in the Church Support Center (open 365 days a year).

Growth

Onboard your church! We provide you tools to set the stage for a flourishing church community on Faithlife.

Wellness Check

Your annual CSM checkup to see how you're doing and whether any adjustments are needed so you can get the most out of Faithlife.
