Dear Pastor and Friends:

Though we have faithfully preached the Word, there was no visible fruit in 2021. We have had a visitor, Teresa, who has been coming for about 4 months but still is not understanding what we call "The Simple Plan of Salvation." She has studied with false cults, and has a hard time understanding what is really in the Bible, and what was part of those religions. She has heard a lot of messages on salvation and Pam has talked to her on numerous occasions and she still does not seem to understand- though she believes herself to be ok with God. Please pray for God to open her understanding that she might be saved. Her husband is totally against her getting into church at all, so that doesn't help.

During April, we were under different types of restrictions but still having services. First, we had to limit to 30% capacity; then we could be inside, but with only 10 people allowed; then we were allowed only outside with a maximum of 10 people gathered. Through it all we kept meeting and preaching the Gospel.

But as of May 20th, the mandate has completely shut us down again. We know the Gospel is not shut down, as Scripture says in Philippians 1:12 "But I would ye should understand, brethren, that the things which happened unto me have fallen out rather unto the furtherance of the gospel;" We will again use social media to teach and preach the Word of God.

We have moved into the Barrio (neighborhood) where our work is located and are trying to make some contacts with some neighbors. Please pray that God will open doors and give us the words to speak when He does open the doors. Colossians 4:3-4: "Withal praying also for us, that God would open unto us a door of utterance, to speak the mystery of Christ, for which I am also in bonds: That I may make it manifest, as I ought to speak."

We are printing up more tracts and plan to start covering the neighborhood again as soon as they allow us out and about again. We covet your prayers that God will use the tracts to bring people to Christ and give us opportunities to speak to more folks.

Gratefully for your faithfulness,

Steve and Pam
