

## **Trinity Learning Center is looking for a little help!**

As you all know, it has been very difficult to find help and so many businesses are working short handed. Trinity Learning Center has not been excluded from this hardship. Our staff are working 9, 10, sometimes even 11 hour days at a job that is already very difficult and exhausting. We are very hopeful that this difficult season of hiring will end soon! However, in the meantime, we are looking for a little help! We came up with a list of volunteer ideas that hopefully reach out to a variety of personalities!

### **Dietician Magician Assistant:**

**What:** This position involves helping at the biggest crunch of our day! From 10:30-12:30 our kitchen is hopping! At this point in the day the Dietician Magician is trying to have meals for 6 classrooms ready all within 45 minutes of each other. Some ways to assist would include stocking paper products, delivering meals to classrooms, running extra items as needed (someone always drops a fork or spills their milk!) preparing the kitchen for a 2<sup>nd</sup> meal, and general clean up when everyone is fed!

**Days and times:** Monday through Friday 10:30-2:30, and we would take all of that or any portion of that!

**Requirements:** Be physically able to be on your feet for that period. Complete clearances, which the childcare office would completely assist with, and provide a health assessment with a TB test done within the past 12 months.

### **Classroom Reader:**

**What:** For the more extroverted reader, you can choose a book and read to the whole class, story time style! For the more introverted reader, just come on in the room, choose a book and a comfy corner and before you know it there will be children on your lap waiting to be read to!

**Days and times:** Monday-Friday, times vary but generally 9-11, 1-2, and 3-5. Times should be coordinated through the childcare office at 570-275-4691.

**Requirements:** You will need complete clearances, which we will help you with. A recent physical with a TB test, mandated reporter training.

### **End of the Day Helping Hand:**

**What:** This sweet little helping hand will make sure our tired staff get out of the building and get home to their families in a timely manner! Help can be anything from taking trash out to vacuuming the classroom, tidying the bathrooms, restocking for the next day, doing up the last few dishes, or putting away a few toys.

**When:** Monday -Friday 4:45-5:30

**Requirements:** Complete clearances, which the childcare office would completely assist with, and provide a health assessment with a TB test done within the past 12 months.

### **After hours help:**

**What:** Come in any evening or weekend and wash toys!

**When:** Anytime!! Just coordinate it through the childcare office at 570-275-4691

**Requirements:** NONE! You will not be interacting with the children or entering the classrooms so there are no requirements.

**Baby Rocker/ Snuggler:**

**What:** Join our nursery classroom to offer extra snuggles to the babies! Miss Renee will direct you and help you get to know the little ones and what they need. But an extra snuggle is always welcome!! We do not allow volunteers to prepare bottles or change diapers.

**When:** Anytime Monday -Friday 7-5:30

**Requirements:** You will need complete clearances, which we will help you with. A recent physical with a TB test, mandated reporter training. Because this volunteer will have close interaction with the children, we prefer our volunteers to be COVID vaccinated.
