## A NOTE FROM THE PASTOR

Church Family,

This week I was reflecting on the amazing age of our church. We are over 130 years old! This had me curious, what were we doing 101 years ago this day? Well, 101 years ago just so happened to also be a Sunday. Several faithful church members would have been gathered around to pray, worship, and learn. Perhaps they gathered to pray for sick loved ones. Maybe they met to talk about outreach ideas or the church Sunday School Ministry. I sure would love to hear the sermon that was preached. What a legacy our church has. For over a hundred years we have been planted in the Saint George area as a witness to a Great God. It is because of faithful church members, and God's grace that we have been able to continue this great legacy in 2021. I wonder how surprised the church members 101 years ago would be to learn that we are still meeting weekly, still praying together, worshipping together and learning about God together.

It is my prayer that in 101 years from today, a new generation will be gathering to worship, pray, and learn about God together. I'm sure it won't look exactly like what we see today, but at the heart, I pray there are still faithful and obedient servants carrying out Gospel work in St. George until eternity, and I pray this church is at the center of it. Every decision we make today for the church ought to be focused on the health and future of our church body. May we stand strong, like a mighty oak tree, for generations and generations. I pray we never lose sight of God's movement in St. George and beyond. I look forward to the great things He will do through us and our children and our children's children. What a joy to be a part of His mission forever!

Pastor Dawjr
