A NOTE FROM THE PASTOR

Church family,

We are a church family continuing our process of revitalization. I am proud of us for willingly opening up our hands to God and asking Him to guide us in reaching our town and the next generation. For a church that is over 130 years old, it is easy for us to look back in our history and see the faithful members before us who paved a way for us to worship and know God today. Having a heart for the next generation will not end with us. We must continually pray and pave the way for the coming generation and our town. In our revitalization report we agreed that "Discipleship should not be seen as a program, but rather the essential common thread offered in each and every facet of church life."

As I pray for our church each week, this is my prayer: that we would be a family of disciples who make disciples. This is my ask for you; please pray with me that God would continue to lead us to be faithful in making Him the center of our lives and church.
