TEXT

Titus 1:5 *ESV*

⁵This is why I left you in Crete, so that you might put what remained into order, and appoint elders in every town as I directed you—

My Application:

Discussion Questions

1. What kinds of church leadership have you seen at churches you have been a part? What are some reasons it is important for a church to be led by a team rather than an individual? Why might it be important for each church to have its own team of leaders?
2. What aspects of church leadership are more clear in the Bible? What areas are available for us to determine locally?
3. The requirements for an elder's track record and godly character are descriptions of mature believers. When you think through your own life, how have you seen your own growth in these areas? In what areas are you being challenged to grow now?
