MISSIONARIES TO THE NETHERLANDS

September 2021

Greetings Friends,

We are currently traveling on our furlough and are encouraged by the faithfulness of God's people here in the USA. We are also praising the Lord for the reports we are getting from the church back home in the Netherlands. They are continuing to keep the gospel message going out throughout the Netherlands in our absence. While the political climate seems hopeless, we are encouraged to see everyone continuing in the ministry that God has for them. We do apologize for not getting everywhere while back on this short trip, but look forward to the future when we will all be together praising our Saviour. We do want everyone to know that we are praying for you, as you try to navigate this crazy time we are in.

We are half way in our time back in the States, and have many miles ahead of us as we travel next to several churches out West. The Lord has allowed us to help in door-to-door evangelism and also place door hangers while staying with our churches recently, and there seems to be a lot of questions about what is going on in the world today. Fortunately for us, we have the answers in the word of God. Last week though, we began to see the hardness of people also. We are used to that in the Netherlands, but have never seen it quite like this in America. It is nearly impossible to have a conversation with someone of a different opinion. I was nearly shouted down by a couple older ladies because they could not stand to hear, even the possibility, that the Bible is right about current events, and that the Lord judges nations by the leadership He gives them. It is very frustrating to us and heart breaking to see the decline of America in this way. But we know the Lord indeed has a plan and is in control. Nothing that is happening is a surprise to Him. Just keep praying!!

I would like to ask you to pray for the Lord to continue to direct the people that are continuing the work in the Netherlands while we are away. That the Lord will bring them all closer together and not allow pride to divide them. Please pray for our health and safety as we travel. Early in September we were nearly involved in a high speed accident because of the other guy texting while driving, and we know that someone was praying at that moment for our protection. If that was you, THANK YOU!! We are handling the rest of the travel OK and are praising the Lord for that. Please pray for the leaders of this country and the Netherlands. If their relationship gets worse, it can cause some issues with the ministry. Please pray that we can all help the lost see their need for our Lord Jesus Christ. Please pray that we can be an encouragement to those we come in contact with here is the USA!

Love in Christ,

The Krehs
