A NOTE FROM THE PASTOR

Church family,

I pray you each have had a week full of seeing God's hand at work in your life and community. All too often the community views the church as a burden. When community members hear from the church they often assume the church either needs something, wants something or is complaining about something. I'd love to see Memorial flip this paradigm. I'd love to see our church show up to serve, and not be served. I'd love to see our people offer community resources and not ever deplete resources. We have several exciting opportunities coming up to support and love our community in this way. One of which is the trunk or treat at the new Davis Bailey Park. Please pray about being involved in this event. We have no intentions of getting anything from being involved in this event. Our intention and heart behind being involved is to reflect the love of Jesus in every interaction we have with employees, attendees, and friends. Simply loving and serving others in our community is a way for us to be obedient. Looking forward to this opportunity to make new friends together!
