

God Works January 9, 2022—Genesis 41

In so many ways, we can relate to Joseph's life. He was emotional, abused by his brothers, wrongfully accused, falsely imprisoned, and not in the clear about the direction of his life. Last week, Joseph was in prison hoping that the Cupbearer would remember him in prison. However, years later Joseph was still in prison. God, in all his sovereignty, was working behind the scenes. When Joseph was released, he stood before Pharaoh a changed man. His confidence in God was strong as steel. The question you might ask is this: "Who is your God?" or "Am I confident in Him?"
