2022 – 2023 School Year Pre-Kindergarten Information Sheet

Pre-Kindergarten Program Description

The Pre-K program is for children ages 4-6 years old who will be eligible to attend kindergarten the following year. The program fosters the social, emotional, intellectual, spiritual, and physical development of each child within a small community of learners. Classes have an average student/teacher ratio of 6/1, which is significantly lower than other preschools. The number of students in the group is limited to 12. This provides an ideal, low stress environment for students and their teachers, allowing teachers to get to know individual students better through one-on-one conversations, observations, and interactions.

The program provides a balance of play-based learning activities and teacher-directed lessons to prepare children for all day kindergarten. Children have opportunities to participate in daily group time, work on tasks independently, rotate through learning centers, and collaborate on projects with their peers. Teachers connect projects and lessons to children's interests to keep them engaged and help them practice skills needed for kindergarten, while also providing resources for creative expression in music, art, building, design, movement, and dramatic activities.

Days/Hours of Operation

Pre-Kindergarten children may enroll 2, 3, or 5 days a week from 8:15 am - 12:15 pm (4 hours) or 8:15 am – 2:15 pm (6 hours) following Upper Arlington City Schools elementary school attendance schedule.

Staff

Our lead preschool teachers have college degrees and many years of experience teaching preschool. They also receive at least 10 hours of training in child development every year. Staff members are certified in first aid, CPR, management of communicable diseases, and recognizing signs of child abuse. All staff members have BCI and FBI background checks. The program director is an experienced teacher with a master's degree in teaching and learning from The Ohio State University.
