

## PRAISING THE LORD!!!

My family and I are so thankful for the many people around the world who have been praying for my mom's open- heart surgery.

I arrived back in Pennsylvania on February 5th.

Because of the winter storm, I had a couple of cancellations and delays, but finally made it safely.

My mom's surgery was originally scheduled to take place on February 9th, but the morning of the surgery

was cancelled. It was rescheduled and took place on February 15th. The surgery went very well and the hospital staff was amazed at how well my mom was doing immediately after surgery. She was discharged home on February 20th. Her pain has been quite managed and the doctors are very impressed with her recovery. She will be starting her cardiac rehab this week and of course, it will take some time for a full recover, but she is well on her way.

We again thank you for your prayers and concerns.

Lord willing, I will be heading back to South Africa on March 16th to arrive March 18th.

Thank you all for your prayers,

Hannah Bennett
