Dear Prayer Warriors and Faithful Supporters,

It is hard to believe that we are already three months into 2022. There are many amazing things happening in Port Elizabeth, South Africa. It is amazing to see how Abundant Life Baptist Church is thriving. What a blessing it is to see people serving the Lord in the kid's class as well as in the music and outreach ministries.

In the beginning of February, I made an unexpected trip to the US as my mom had to undergo open-heart surgery. Praise the Lord, her surgery was successful, and she is well on the way to a full recovery.

February also brought some exciting changes to the Little Fish Ministries property. The LFM multipurpose facility that will house classrooms, administrative rooms, intern housing, and medical clinic is almost completed, and we praise the Lord for supplying financially for the building. **While the building is funded, there is still a financial need to furnish the kitchen, which will take approximately \$7500.** If interested in helping to meet this need please send to **Daystar Baptist Missions P.O. Box 1193 Barboursville, WV 25504 or online: <https://dbmi.org/give/> Designate: South Africa Clinic.**

The week that I was scheduled to return to South Africa brought some unexpected news for the Bergey Family. Nathaniel Bergey (17) was diagnosed with Burkitt's Lymphoma. To receive the treatment needed for this type of cancer it was necessary for Selina and Nathaniel to travel to North Carolina. As I was still in the US, I was able to travel to NC to be with them. I will remain in NC helping them navigate the healthcare system and supporting them for as long as needed. Many prayers are needed as Nathaniel faces chemo treatments for the next several months. Please also pray for the whole Bergey family as they are separated from each other during this time. It is also the prayer of our entire team, that God would be glorified, and that people would come to know Christ. For up-to-date information on Nathaniel you can go to **Finding Thanny's Song** on Facebook.
