

Building General Use Policy

Purpose:

The purpose of this policy is to summarize the guidelines regarding the usage of Riverside Community Church (RCC) building(s) and property. It is designed to ensure the safety of the users and to prolong the life and usefulness of the facilities. Riverside Community Church is a Christian organization, associated with the Wesleyan Church of Canada. Our programs, policies, and procedures, therefore, are designed to help us effectively represent Christian values in our community. Usage of this facility will be granted, or denied, by the church leadership as long as the event and/or presenter/speaker/content does not directly contravene or compromise the church's overall purpose and statement of faith; upholds the reputation of the church in the community, and is also in accordance with local fire and safety ordinances. Please note the church leadership has the final authority to accept or deny usage of our facility at its sole discretion. We appreciate your understanding in these matters as we seek to maintain a safe, positive and enriching family environment for our community.

Policy for Use:

Members of RCC as well as members of the public are welcome to use church facilities for various functions throughout the year; however, usage of our facilities/property shall be restricted in the following manners:

1. Smoking, illegal substances, and alcoholic beverages are not permitted to be served and/or used/consumed on RCC property or within its facilities.
2. Decorations and event set-up must not damage, deface or scar the property, and users **must** assign someone for prompt removal following any event.
3. Any furnishings/equipment moved for an event must be returned to their original location by users promptly
4. Usage of facilities are restricted to the approved area(s) as outlined in the *Application for Church Building Use*.
5. All users of RCC facilities are encouraged, where possible, to somehow gear events towards strengthening community and family values, educational enrichment and positive community enhancement.
6. For any event which includes the sale of goods and/or services, we require that a minimum of 10% of the proceeds from the event be **donated to a local charity/ community organization** (ie. Food Bank etc.) - in this way, use of this facility will not be granted for strictly profit-making ventures and events.

Scheduling:

The priority for the usage of the facilities shall be for events/activities related to the various ministries of the church. The Pastoral staff and Church Leadership maintain

the right and obligation to deny use of the church facilities for purposes that they feel are unbecoming a place of Christian worship and family gathering.

users are encouraged to book events well in advance to ensure the availability of the facilities in what will be a fairly busy usage schedule.

Application for Use:

Persons wishing to use the facilities shall complete an *Application for Church Building Use Form*, which is to be forwarded to the Church office along with the required damage/security deposit (unless waived under special circumstances). Applicants will be promptly notified to confirm or deny facility use for the time period and event requested.

The Applicant(s) signing and submitting the *Facility Use Form* will be the **designated responsible person** and will be held liable for payment of all fees for use of the facilities and for any damages that occur during that use.

Cost Recovery Fees:

Riverside Community Church operates as a **Registered Charity** in our community - any funds exchanged or fees charged related to facility usages are directly applied to operational costs and a continued effort to keep this great facility open and available for community enjoyment. Thank you for your support!

Please note: The leadership of Riverside Community Church reserves the right to waive, adjust, or change user fees at its discretion; or offer assistance with regard to users fees on an individual case-by-case basis - our desire is to serve and assist the community as much as possible while continuing to meet the significant financial restraints and obligations involved in operating this facility.

Note regarding Child's Birthday Party: please note that generally we reserve a weekly time-slot that is available for birthday party bookings from 12-4pm on Saturdays. We will do our best to work with your event in terms of set-up and take-down time immediately prior-to/following your event, however often "extra time" may simply not be available due to the growing demands of facility usage and a continued effort to maintain/clean the facility on a volunteer basis. Ideally, birthday party bookings will need to be contained within the 12-4pm time-frame, apart from special circumstances that can be discussed at the time of booking. Cost-recovery fees received are put directly towards facility operation. We appreciate your support!

Also, Please note: The new waste management system of the Town of Kirkland Lake has resulted in a significantly decreased quantity of pick-up for our facility. We will provide large garbage bags, but do require that your party-related garbage be taken away with you (especially as birthday parties tend to produce a larger volume of bulkier wastes such as wrapping paper, boxes/pizza boxes, balloons, piñatas, etc...). Thank you for your understanding in this matter.
