### **Update from The Abrman Family on April 16, 2022**

**Dear Brothers and Sisters in Christ,**

Just a brief update today.

This weekend, we were able to deliver food to 25 Ukrainian families that are accommodated in one of the two refugee camps in the city of Bratislava. The staff and the volunteers at the camp were grateful not only for the food but also for 100 copies of the Gospel of John and some Gospel tracts in the Ukrainian language. We thank the Lord for opening this door for us to help these families. In recent days, we also provided some used notebooks for refugee students in our region who need to do their online schooling.

The Ukrainian refugee family that was supposed to arrive in our place (from Warsaw, Poland) this week, is still waiting for their passports to be issued before they can travel.

On Monday, we look forward to receiving a dear Christian Brother and his wife, Slava and Tatiana, from California who are coming to help us for several weeks. We praise the Lord that both of them speak perfect Ukrainian, which opens up new opportunities for reaching Ukrainians in Slovakia for Christ in their own language.

Thank you for all your prayers and support! May the Lord richly bless you for your sacrificial giving during this crisis, and may He cause the war in our neighborhood to stop soon!

**In Christ,**

**Bro. Jozef Abrman
