

NE India Missions

March – April 2021 Report

Dear Pastor West, FSBC and supporting churches:

I am so happy to all of you for your financial and prayer support. Once again, I want to let you know that your supporting offerings have been immensely invaluable in our ministry in Northeast India. According to my observations, there are many lost souls in the midst of my people.

I have been trying to win one person, who is an alcoholic. Counseling is still going on and I do hope and pray that I will be able to lead him to Christ Jesus to be his Saviour. Please join with me in praying for this person.

Right now, most of the money that comes from supporting sister churches goes into the new building construction of the mother church. (Bro Gin is presently ministering to eight different congregations. He calls the first church the 'mother church'.) We hope to complete this building by December. I humbly request that more sister churches will help us meet this need.

We are also helping with the repairing of another church building. We need to do this until we have completed the work on these 2 church buildings. There are other congregations that need help in construction and repairing too.

I want to thank my sponsoring church, Florence St. MBC, for the \$5,000 you sent so I can get a newer car. The one I had was costing a lot for constant repairs.

The Coronavirus pandemic has hit our town and area with a second wave. All the schools and churches in town have been closed. But in the outward villages, we still have Sunday worship services. May God bless and enable all of you to help missionaries in the days to come.

- Missionary Gin & Ching Kipgen
