Dear Church Family,

Good morning! How are you doing today? I trust you are well and excited to worship the Lord! God is good, isn't He? What a wonderful day to gather and praise Him for all He has done. If you are visiting, I want to welcome you. If you have any questions, please don't hesitate to let us know so we may be of service to you.

November is here and Thanksgiving is on the way. I love this season of the year, don't you? What a wonderful time to praise the Lord for so many of His amazing blessings. Ultimately, we thank the Lord for His gracious gift of salvation through Jesus Christ. As we take time today to thank Him for the blessings we have in Christ, let's praise Him from our hearts. Though there are many trials and difficulties, we can rejoice that our loving Savior is working all things together for our good. He knows what we are going through and is able to strengthen us and provide for us.

Thanks to everyone who helped out with Trunk or Treat. We had some great connections with kids and their families in our community. I loved seeing everyone serving together and ministering to the families that attended. Thanks so much to all who helped organize, set up, provide games, and, of course, donated candy! Keep on praying as the Lord is working in our community and is spreading hope through us!

Also, we have families registering for our preschool. Please be in prayer as we continue to work toward starting in January. We are interviewing teachers as well, so please be praying for wisdom in this. We set a goal to have registration by December 1st, so be in prayer as we work toward that date this month. Lastly, don't forget to sign up for our Fellowship Meal this Wednesday night. This has been a great time together. Thank you to the Fellowship Team in particular for helping organize these meals.

May the Lord bless you! Thank you for your prayers and continued service and support. Enjoy the season and thank the Lord for His many blessings! God bless you and your family.

In Christ's love,

Pastor Erik
