

“No one has ever shown me from the Bible how to get saved. They have always just told me to follow them, and I will be saved.”

This is what a grandmother told Chelsea. This woman, Pauline, had come to ask for prayers for her health and mother who had just passed away. When asked if she was a born-again Christian she respond, “Yes”. After more questions were asked it was revealed that her salvation testimony was a pastor praying over her after she confessed her sins. This woman had no idea that the saving power of Christ does not come from any person. It must come through Christ alone! As Pauline was ready to pray and receive Christ another woman, Charity, said she too was ready to ask Jesus to forgive her of her sins and sitting right next to her was a woman, Rose, that Mori led to Christ that week too! These are the amazing encounters we get to have on a weekly basis. The joy that is displayed on a person’s face after they receive Christ makes all our efforts worth it! We are rejoicing in the ones who have gone from death to life in the name of Jesus.

“I have been to many churches today and you are the only one who took the time to share with me the truth. I came for food, but I received so much more!”

This was said by a soldier, who came asking for food for his children. He had been to many churches for the past 3 days, some were able to help, but none took the time to share the gospel. As he explained his situation to me I told him we don’t give money for food. I asked him when he got saved, and he said that he had gone to the Catholic church since he was a boy. I proceeded to show him what the Bible says about what it means to be saved. This man prayed to receive Christ that day! Later he confessed that sometimes there is no food in the home because the money is used to buy alcohol instead. He committed that day that he would not drink anymore. Pray this man will make the wise choice for his family! Pray that he will be faithful to come to church and abstain from his addiction of alcohol.

Full team, ready to work!

We are thanking God that Saada is now here with us! She arrived January 2nd to work full-time with the ministry in South Sudan. Saada had been here from 2018-2020, now she is back and ready to hit the ground running. Our team has many goals and ideas as to how we can reach our community with the gospel. Pray that we will all work hard and give our all to glorify God in this ministry.

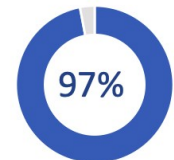

Building Project, Changing Lives

The school building project is moving forward. The foundation is complete, and the next step is to build the ground floor. We are so thankful for the opportunity to have these unsaved men in our compound every day. Peter is sharing a daily Bible study devotion, and just this week we had another man pray to receive Christ! This school is already being a blessing to our community as we can provide work for these men and share the love of Jesus with them each day. In last month’s prayer letter, we shared with you about a man who was saved from our construction crew. This month he brought his brother to church with him, and we are so thankful that his brother is now saved too! Praise the Lord for those who are bringing others to hear the truth!

Prayer Requests/ Praises

- *Our team here, as we put our ideas into action to reach our community with the Gospel.
- *School building project- no injuries and more come to know Christ
- *The new believers- to grow in their relationship with God and be faithful to come to church
